

THE MARGARET EATON SCHOOL STUDENTS, 1933-34

PLACEMENT OF GRADUATES

The School endeavours to assist graduates in securing positions, but because so much depends on the student and her success during the course, no assurance can be given that every graduate will be placed. Responsibility for the selection and recommendation of candidates for specific positions which come direct to the school is carried by the secretary and the staff, whether the position is for the summer or the school year.

The young graduate will find in both educational and recreational work two fields of ever widening interest and opportunity. The demand for leaders of recreational activities is greater today than ever before. Some graduates will, doubtless, go into remedial work and may decide to prepare for physiotherapy. After some experience graduates are encouraged to pursue further study, either toward a college degree, or with some specialization in view for which they are particularly fitted.

In the eight years since 1926, The Margaret Eaton School has granted its diploma in physical education to 133 young women who have come from Newfoundland, the United States, and every province in Canada. In the fall of 1933, 52% of these were teaching, 4% were studying, 3% were teaching and studying, 7% were in other occupations, 34% were in private life.

GENERAL REGULATIONS

Parents and guardians when entering students in the school are understood to accept the terms and provisions of this prospectus and to be in sympathy with the regulations affecting student life.

All out-of-town students are required to live either at St. George House, or with relatives in town. The school does not sanction the establishment of students in apartments or elsewhere unless a parent is presiding over such a household.

Students are required to wear the regulation school costumes, information regarding which will be sent to each applicant.

Students may not take engagements for teaching or for the coaching or refereeing of games without the permission of the Director.

Students are required to have texts for practically all of the theory courses.

ADMISSION REGULATIONS

Candidates for admission to the course must have acquired one of the following certificates:

Junior or Senior Matriculation according to the regulations of the Provincial Department of Education where the student writes her matriculation papers, provided 50% is received in every subject.

The equivalent of Junior Matriculation from foreign countries.

Ontario First Class Teacher's Certificate or its equivalent from other provinces.

The B.A. or B.Sc. degree.

Students who enter with the B.A. or B.Sc. degree under certain conditions may complete the course in one year. Further particulars regarding this may be obtained from the secretary.

Applicants are required to send in a doctor's certificate of physical fitness before an application can be formally accepted.

EXAMINATIONS AND DIPLOMA

Term examinations are held in each subject, the students being required to obtain a pass standing of 50%.

The Diploma will be awarded only to students obtaining a minimum of 50% in each subject, and of 60% on the total examining throughout the year.

An Honor Diploma is awarded to a student who obtains 75% in each subject.

The Gold Medal is awarded to the diploma student in the graduating class making the highest standing in practice and theory. The Charlotte A. Kaulbach Silver Medal is awarded for general proficiency, leadership and service to the school. These medals can only be awarded to students who have taken the full two years' course at the school.

FEES AND OTHER EXPENSES

The discount of 10% off the tuition fee which was given last year, is to continue for 1934-35. Fees must be paid at the beginning of each of the three school terms. No reduction will be made for absence unless an entire term be lost through illness.
